Dear Cisco,

To me you were the best naturalist because you really taught me a lot. Now I know a lot more . You helped me whenever I needed help. You know how you told us to be silent and listen to the nature? Well, now I do it, and it helps a lot.

The things you taught me helped a lot . Now it makes me wanna be a naturalist or a cabin leader. There are a lot of things that make you fun.

Well, hope you reply back.

Sincerely yours,

Antonio G.
