Dear Kaelyn ,
Hello, how are you? I'm doing fine! Since we don't know each other yet, let me tell you some things about myself. When you write back you could ask any questions and I'll answer them.

I live about 20 mile southeast of Los Angeles. I am 11 years old and my birthday passed in September. I go to Moffitt Elementary school, and, of course, I am a sixth grader. I have five sisters and two brothers, and I have a dog. My brothers are 21 and 20 and they both have jobs. My 20-year-old works in construction, and my oldest brother, I'm not sure what his job is. The ages of my sisters are 12, 10, 3, 3, and 11 months. Do ever wish you'd have sisters? My sisters can be very annoying. My brothers came from a different mom than my sisters and I did.

For fun, sometimes I like to bake with my mom or help her cook for dinner. My favorite food is salad or nachos for lunch, chicken soup for dinner, and brownies or ice cream for dessert. What are your favorite desserts? My favorite colors are turquoise, purple, and red. What are your favorite colors?

My favorite sport is baseball. I like baseball because I played baseball a few years ago when I was six and I took baseball when I was six. I am left-handed and I love to draw.

Your Pen Pal,

Ayannah
