Dear Greg,

Hi how are you? I'm great thank you for asking. I'm 12 years old, and I'm in 6th grade in Norwalk, California at Moffitt Elementary school. We are 20 miles southeast of LA. I have been living here all my life.

I also play video games. What does MMOS stand for? My teacher said it was maybe like **World of Warcraft** and those kind of video games on the computer. The video games that I play are **Black ops 2, Halo 4, and Minecraft 360**. Those games are cool to me because they are first person shooter games. Do you like those kind of games?

I have a 16 year old year old sister, and I love her so much. I like Buffalo Wild Wings kinda. What I really like is fast food, but I watch out for that. I love to read **Diary Of A Wimpy Kid**, too. I read the whole series and they are fantastic! It's so true sometimes. Right now, I'm reading **Diary Of A Wimpy Kid: The Ugly Truth**. I'm almost done with it. I can't wait to get your letter.

Sincerely yours,

Chris
