Dear Cisco\ (O.S.S staff)

Thank you for a great time at O.S.S. I had so much fun during my stay. I rated this field trip 9/10 was good but the 1 was bad, because I was bored.

Pass to Cisco. I had a fun with you as my naturalist. My favorite part was when we played camouflage. The part I hated the most was the hiking. I hated so much, because I got tired so fast. The chicken were fun to feed, but they would scrape the food out of my hand, it really hurts. I would drop the food, because I would feel nervous.

Pass to kitchen chefs. I really like the food, but some of it wasn't so good and some of it was really good. Some of it wasn't warm, it was cold. Some of the food was really hot, when I bit it, it was burning my mouth.

Pas to Kris and Juice. Thank you for making sure we were asleep, but some people were still talking. During dance time, I had fun, but some of the dances were to fast.

Pass to Max. You made me laugh when you made the joke, "What is the smelliest mammal in North America". The answer was, "The Dexter." that joke really did make my day.

Sincerely yours,

Dagoberto Pinedo
