Elijah G.

Dear Jacob,

I am great, thanks for asking. I hope you're doing well, too. My name is Elijah G. I am going to be your writing partner instead of Gabriel. I am 12 years old, and live in Norwalk, CA, which is about 20 miles southeast of Los Angeles.

I love to play video games, too. I have an xBox, and I usually play Halo 3 and Halo 4, or MW4. You should get those games. They're really cool. I also play on the computer.

I like pizza and cheeseburgers. I have two sisters and one brother. I had a third sister, but she died as a baby.

Sincerely yours,

Elijah G.
