

Ellie, Naturalist
Blue Sky Meadow OSS
P.O Box 2860
Big Bear City, CA 92314

April 4, 2012

Dear Ellie,

I just want to thank you very much for giving me the best time of my entire life. Without you as my naturalist, I don't think that science camp would have been more fun than I had spending with you and the group.

My most favorite time of Outdoor Science School was the sit spots. I enjoyed it because all I heard was the sound of the animals. I also found footprints that had lead to scat. Nature was very beautiful during the sit spot. I've never seen anything like that. It was very peaceful. The first sit spot, I saw something moving in the bushes. I was way up in the mountain. I think it might have been a bobcat.

My second favorite part of camp would definitely be the night hike. My night vision has always been clear. I can always see in the dark. My favorite part about the night hike was the solo hike. I wasn't scared at all because it felt like I was with a guardian angel. I've always wanted to do something like that. That was my favorite time of all. I do that at night time now.

Once again, I just want to say thank you. I would also like to thank Cisco, Krys, Juliann (Juice), and Kathleen for taking the time to get us to science camp. They are all really awesome, as are you, too. Thank you!!!!

Sincerely,

Nameli Tautolo
