Dear Akyra,

Hi, how are you? I am fine. Since we don't know other very well, let me tell you about myself. If you have any questions, ask them in your next letter.

I am 11 years old . I use to live in Buena Park, CA (where Knott's Berry Farm is). But now I live in Norwalk, CA. I go to Moffitt Elementary. Yes, I do have brothers and a sister. And their names are Johnathan, Ray Jr., Eric, Tameka, Delvontae, and baby Vasa. I'm the second youngest in my family. The oldest is my big sister Tameka. I am a junior coach at PlayWorks. We help run games during recess and stuff. To be a junior coach means you have to do your homework, be on time, and most importantly, have fun.

Watermelon is my favorite thing to eat. My favorite colors are pink, purple, and baby blue. My favorite bands are the OMG Girlz and Mindless Behavior. I really like how they sing. My favorite movies are *Easy A* and *Insidious*. I like *Easy A* because it is very funny. And I like *Insidious* because it is very scary. For fun, I like to go shopping with my big sister. I like to play with my little cousins that live in Redlands. I also like to paint pictures of sunflowers, dogs, and trees.

Sincerely,

Rayvan Foote     :)
